

My New Class

Welcome to Year 3 & 4

My teachers will be **Mrs Hoskins** and **Mrs Webb** and my class is called **Puffins** class and is downstairs in the Key Stage 2 area next to learning street.

My new cloakroom is in the area next to the classroom.

Mrs Hoskins

Mrs Webb

We would like to invite all parents and carers to a 'Welcome to Year 3/4!' meeting in the Autumn term. Information will follow in September.

Our topic for Autumn term

In the Autumn term we will be learning all about light and sound. Throughout the unit we will be investigating how we see and how we hear.

Have a think about these questions!

How do our eyes work? Why do we need light to see? How are shadows formed? Which materials would be best for blocking out light and sound? Does sound travel through materials? What properties would that material have? What is the quietest sound the human ear can hear?

A message from Mrs Hoskins

Hello, future Puffins Class! I'm Mrs Hoskins and I can't wait to be your teacher on Mondays, Tuesdays and Wednesdays next school year. As some of you may know, I love Science but here are a few things you may not know about me: I enjoy being creative and making all sorts of things from raised beds in my garden to Lego models. I try to keep fit by walking, cycling or swimming (but watching a Star Wars movie after a busy day is sometimes too tempting!). I also very nearly went to work at NASA designing experiments to go on the ISS.

A message from Mrs Webb

Hello, children! My name is Mrs Webb and I am really looking forward to being your new teacher on a Thursday and Friday! Here is a little bit of information about me: I have two teenage boys so they keep me busy a lot of the time! I love to spend time playing tennis and I also like to run and hike. However, afterwards I very much enjoy baking and eating different cakes. This summer, I am hoping to catch up with my family in the North and spend a week in Devon being energetic on the cliffs and relaxing on the beach! Have a lovely summer!
